

16 max. operating torque series SM 88 with WSE xx.230AC

SM 168

SM 107

SM 87/88

SM 56

All printed torque performance curves are measured with **STÖGRA drives** type WSE xx.230AC (320VDC).

- rectangular current characteristics
- - - - - rectangular current characteristics with 20% boost
- sinus current characteristics
